

TOGETHER LET US BUILD
the Terra Sancta
Museum

- **TO INFORM** the whole world of the history of the Christian presence in the Holy Land and to strengthen the awareness of our roots;
- **TO SUPPORT** the economic and cultural development of the local communities and promote opportunities for encounters with different cultures and religions.

You can make a donation in memory of a loved one, in gratitude for a grace received, or to link the name of your family, business or institution to the Holy City of Jerusalem. We have come up with an innovative means for honoring our supporters, which will allow the names of those who wish to give testimony to their presence and commitment to be highlighted in an elegant and lasting manner.
